

16-70mm² Copper 90 Degree Cable Lug -40-105°C Temperature Rating Copper Tube Lugs 90D

Our Product Introduction

for more products please visit us on cableslugs.com

Basic Information

- Place of Origin: China
- Brand Name: TLC
- Certification: UL, CUL, CE
- Model Number: 90D
- Minimum Order Quantity: 1000
- Price: USD
- Packaging Details: bag, Carton package
- Delivery Time: 5-30 working days
- Payment Terms: T/T
- Supply Ability: 500K pcs per month

Product Specification

- Finish: Tin Plated
- Material: Copper
- Package Quantity: 1000-10pcs
- Temperature Rating: -40-105°C
- Color: Silver
- Product Name: 90 Degree Cable Lug
- Shape: Lug
- Highlight: **Copper Cable LugS 90D, 105°C Copper Cable Lug TLC, 90D 70mm² Copper Tube Lugs**

Non- Insulated - Copper Lugs

TLK LUGS TERMINALS

Material
Terminal Body: Copper
Plating: Tin

Product Description:

Lugs terminals are essential components in electrical systems. **They play a crucial role in connecting wires or cables to various electrical devices or equipment.**

Lugs are *small metal connectors* that are *crimped or soldered* onto the ends of wires. They are designed to provide a secure and reliable connection to terminals. Lugs come in various sizes and shapes to accommodate different wire gauges and terminal types.

Features:

Lugs Terminals

Lugs terminals are essential components in electrical systems. They provide secure and reliable connections between wires or cables and electrical devices or equipment. It is extremely important to install them correctly to ensure optimal electrical performance and safety. In addition, lugs terminals are designed to maintain equivalent pressure on the conductor during tightening. This allows for secure and continual contact in the terminal and prevents any terminal creep during tight connections.

Overall, lugs terminals play an important role in electrical systems and their proper installation is necessary for ensuring safety and high performance.

Applications:

The **combination of lugs and terminals** is essential to ensure a reliable and robust electrical connection. This is extremely important for efficiently conveying of electrical energy or signals over between different devices. By fitting the terminals and lugs properly, loose connections can be prevented, which may cause poor performance, overheating, or even electric accidents.

Support and Services:

Technical Support and Service for 90 Degree Cable Lug

We provide technical support and service for the 90 Degree Cable Lug. Our experts can help you quickly and efficiently troubleshoot any technical issues or questions you might have about the product. We also offer a comprehensive warranty for the product, giving you peace of mind that the product is covered should anything go wrong. If you need any help with installing, maintaining, or repairing the product, our knowledgeable staff can assist you every step of the way.

Packing and Shipping:

90 Degree Cable Lug is packaged and shipped with the following specifications:

The product is individually wrapped in airtight plastic for protection.

Packages are shipped in cardboard boxes, securely sealed.

Each package is labeled with the product name, model number, and quantity.

Shipping is via an insured and traceable method, such as FedEx.

FAQ:

Q&A about 90 Degree Cable Lug

Q1: What is the brand name of the 90 Degree Cable Lug?

A1: The brand name of the 90 Degree Cable Lug is TLC.

Q2: What is the model number of the 90 Degree Cable Lug?

A2: The model number of the 90 Degree Cable Lug is 90D.

Q3: Where is the 90 Degree Cable Lug manufactured?

A3: The 90 Degree Cable Lug is manufactured in China.

Q4: What certifications does the 90 Degree Cable Lug have?

A4: The 90 Degree Cable Lug has UL, CUL, and CE certifications.

Q5: What is the minimum order quantity for the 90 Degree Cable Lug?

A5: The minimum order quantity for the 90 Degree Cable Lug is 1000.
