

35-70mm² Copper Tube Terminals For Electrical Connections

Our Product Introduction

for more products please visit us on cableslugs.com

Basic Information

- Place of Origin: China
- Brand Name: TLC
- Certification: UL, CUL, CE
- Model Number: TLK
- Minimum Order Quantity: 1000
- Price: USD
- Packaging Details: bag, carton package
- Delivery Time: 5-30 working days
- Payment Terms: T/T
- Supply Ability: 800K pcs per month

Product Specification

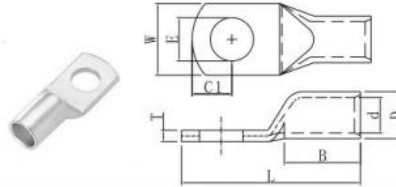

- Package: Carton
- Shape: Round
- Color: Silver
- Application: Electrical Connections
- Product Name: Copper Tube Terminals
- Material: Copper
- Highlight: **70mm² Copper Tube Terminals,**
35mm² Copper Tube Terminals,
electrical connection lugs 70mm²

Non-Insulated - Copper Lugs

TLK LUGS TERMINALS

Material
Terminal Body: Copper
Plating: Tin

Product Description:

The Benefits of Lugs and Terminals

Lugs and terminals are two essential components used for forming electrical connections. When combined correctly, they ensure a strong, reliable connection that is crucial for the efficient transfer of electrical power or data between devices.

By providing a secure connection, properly installed lugs and terminals help to prevent loose connections. Loose connections are a major cause of poor performance, overheating, or even catastrophic electrical failures. This makes lugs and terminals an essential part of any electrical system.

Technical Parameters:

Attribute	Description
Material	Copper
Application	Electrical Connections
Product Name	Copper Tube Terminals
Color	Silver

Package	Carton
Shape	Round
Key Words	Tube Cale lug, high power tube cable lug, Tube Terminal Lug

Applications:

Tube cable lugs are **metal** connectors with an important purpose. They are used to **securely connect** different wires to various terminals and make sure the connection is reliable. Moreover, these lugs come in various sizes to fit with various gauges of wire and types of terminals. In many cases they have a flat end which can fit into screw terminals.

Customization:

Copper Tube Terminals

Brand Name: TLC

Place of Origin: China

Certification: UL, CUL, CE

Minimum Order Quantity: 1000

Price: USD

Packaging Details: bag, carton package

Delivery Time: 5-30 working days

Payment Terms: T/T

Supply Ability: 800K pcs per month

Package: Carton

Product Name: Copper Tube Terminals

Shape: Round

Application: Electrical Connections

Color: Silver

Support and Services:

Copper Tube Terminals Technical Support and Service

We provide customers with top-notch technical support and service for our Copper Tube Terminals. Our team of experienced engineers is dedicated to helping customers find solutions to their most challenging problems. We offer a variety of services, from on-site installation and troubleshooting to remote support and product customization. Our team is available 24/7 to answer questions and provide assistance.

We also provide a range of resources, such as product documentation and online tutorials, to help customers get the most out of their Copper Tube Terminals. We are committed to providing ongoing support to ensure our customers have a positive experience and get the most out of their purchase.

Packing and Shipping:

Copper Tube Terminals Packaging and Shipping:

The copper tube terminals will be packaged in a box according to size and quantity.

The box will be labeled with the product name, number, and other relevant information.

The box will be securely sealed and wrapped in bubble wrap or other suitable material.

The package will be shipped via a reliable carrier and insured for the full value.

FAQ:

Q: What is the brand name of Copper Tube Terminals?

A: The brand name of Copper Tube Terminals is TLC.

Q: Where is Copper Tube Terminals made?

A: Copper Tube Terminals is made in China.

Q: What certifications does Copper Tube Terminals have?

A: Copper Tube Terminals has UL, CUL, and CE certifications.

Q: What is the minimum order quantity of Copper Tube Terminals?

A: The minimum order quantity of Copper Tube Terminals is 1000.

Q: How much does Copper Tube Terminals cost?

A: The cost of Copper Tube Terminals is USD.
