

4-50mm² Tin Plated 90D Cable Lug Copper Tubular Terminal Lugs 90 Degree Wire Direction

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: TLC
- Certification: UL, CUL, CE
- Model Number: 90D
- Minimum Order Quantity: 1000
- Price: USD
- Packaging Details: bag, Carton package
- Delivery Time: 5-30 working days
- Payment Terms: T/T
- Supply Ability: 500K pcs per month

Product Specification

- Product Name: 90 Degree Cable Lug
- Color: Silver
- Shape: Lug
- Finish: Tin Plated
- Material: Copper
- Temperature Rating: -40-105°C
- Package Quantity: 1000-10pcs
- Highlight: **TLC 90d degree copper lugs, 90d degree copper lugs TLC, Copper Tubular Terminal 90 Degree TLC**

Product Description:

Lugs terminals are an indispensable part in electrical systems. They are of great importance in connecting wires or cables to various electrical devices or equipment.

Lugs, which are small metal connectors, are connected to the ends of wires through crimping or soldering. Thus, these lugs offer a strong and reliable connection to terminals.

Furthermore, lugs come in various sizes and shapes to suit different wire gauges and terminal types.

Features:

Lugs terminals are essential components in electrical systems for providing secure and reliable connections between wires or cables and electrical devices or equipment. The proper installation of lugs terminals is crucial for optimal electrical performance and safety.

The importance of lugs terminals are obvious: they constitute an integral part of the electrical supply system, ensuring a sound and reliable connection of the circuit. It is essential that the lugs terminals are correctly fitted while being installed. Every electrical system requires proper installation of lugs terminals to function at its peak and to maintain a safe environment. In conclusion, it is imperative that lugs terminals are properly set up and securely fastened to ensure electrical safety and performance. Proper installation of lugs terminals is integral to a reliable and safe electrical system.

Applications:

The **combination** of lugs and terminals **ensures a strong and stable electrical connection**. This is **crucial** for the **efficient transfer** of electrical power or signals between devices. **Properly installed** lugs and terminals **help prevent** loose connections, which can lead to **poor performance, overheating**, or even **electrical failures**.

Support and Services:

Technical Support and Service for 90 Degree Cable Lug

Our technical support and service team is available 24/7 to help with any questions or issues you may have with our 90 Degree Cable Lug product. We have experienced technicians who can provide personalized advice and troubleshooting for any of your technical needs.

We are committed to providing the highest-quality products and customer service. Our technical support team is trained to work with you to ensure that our 90 Degree Cable Lug meets your needs and is compliant with all relevant safety regulations. If you have any questions or concerns about using our product, please don't hesitate to contact us.

We are always happy to help with any inquiries or issues you may have. If you need any additional technical support or service, please do not hesitate to contact us.

Packing and Shipping:

The 90 Degree Cable Lug product is packaged and shipped in a secure, sturdy cardboard box. The box is designed to protect the product from damage during shipping and handling. Inside the box, the product is securely wrapped in a bubble wrap or another cushioning material. The box also includes a plastic bag to protect the product from moisture and dust. Additionally, the box is labeled with the product name, weight, and other appropriate information.

FAQ:

Q: What is the Brand Name of 90 Degree Cable Lug?

A: The Brand Name of 90 Degree Cable Lug is TLC.

Q: What is the Model Number of 90 Degree Cable Lug?

A: The Model Number of 90 Degree Cable Lug is 90D.

Q: Where is the Place of Origin of 90 Degree Cable Lug?

A: The Place of Origin of 90 Degree Cable Lug is China.

Q: What Certifications does the 90 Degree Cable Lug have?

A: The 90 Degree Cable Lug has UL, CUL, and CE Certifications.

Q: What is the Minimum Order Quantity of 90 Degree Cable Lug?

A: The Minimum Order Quantity of 90 Degree Cable Lug is 1000.

Q: What is the Price of 90 Degree Cable Lug?

A: The Price of 90 Degree Cable Lug is USD.

Q: What is the Packaging Details of 90 Degree Cable Lug?

A: The Packaging Details of 90 Degree Cable Lug are bag, Carton package.

Q: How long does it take to deliver the 90 Degree Cable Lug?

A: It takes 5-30 working days to deliver the 90 Degree Cable Lug.

Q: What are the Payment Terms for 90 Degree Cable Lug?

A: The Payment Terms for 90 Degree Cable Lug is T/T.

Q: What is the Supply Ability of 90 Degree Cable Lug?

A: The Supply Ability of 90 Degree Cable Lug is 500K pcs per month.
