

## 400-1000mm<sup>2</sup> Copper Mechanical Cable Lugs High Current Terminals Lug High Power Safty Connection

Our Product Introduction

for more products please visit us on [cableslugs.com](http://cableslugs.com)

### Basic Information

- Place of Origin: China
- Brand Name: TLC
- Certification: UL, CUL, CE
- Model Number: HUP
- Minimum Order Quantity: 1000
- Price: USD
- Packaging Details: PE bag, Carton
- Delivery Time: 5-30 working days
- Payment Terms: T/T
- Supply Ability: 300-800K pcs per month

### Product Specification

- Product Name: Cable Lugs
- Color: Silver
- Surface Treatment: Tin Plated
- Packaging: Bag, Box, Carton
- Current Rating: High
- Type: Crimped
- MOQ: 1000 Pieces
- Material: Copper
- Highlight: 1000mm<sup>2</sup> Copper Mechanical Cable Lugs,  
400mm<sup>2</sup> Copper Mechanical Cable Lugs,  
1000mm<sup>2</sup> High Current Terminals Lug

## Non- Insulated - Copper Lugs

## HUP-DIN LUGS TERMINALS

Material  
Terminal Body: Copper  
Plating: Tin

## Product Description:

Lugs terminals are essential components for efficient electrical systems. They guarantee secure and dependable connections between cables or wires and electric devices and apparatus. Consequently, their installation must be appropriate to ensure optimal electric performance and protection.

## Features:

A reliable and productive electrical connection is obtained when lugs and terminals are used in combination. With the correct installation, it enables reliable transfer of power or information between devices. Additionally, using lugs and terminals prevents the risk of poor performance due to loose connections – which can even cause electrical failures or excessive heat.

## Applications:

Lugs terminals are indispensable components in electrical systems. They perform a vital role in connecting wires or cables to various electrical devices or equipment.

Lugs are tiny metal connectors that are tightened or soldered to the ends of wires. Their purpose is to assure a stable and dependable connection to terminals. The lugs are available in a broad array of dimensions and configurations that fit different wire gauges and terminal types.

### Support and Services:

#### Mechanical Cable Lugs Technical Support and Service

We offer comprehensive technical support and service for our Mechanical Cable Lugs. Our technical support team is available to answer your product-related questions and provide advice on installation, maintenance and troubleshooting. We offer a wide range of services to meet your individual needs, from product selection and installation to maintenance and repair. We have a team of experienced technicians and engineers who can provide personalized solutions to meet your specific requirements. Our technical support staff can also provide assistance with product selection and installation, as well as offer troubleshooting tips and advice. We are also available to discuss any specific requirements or concerns you may have. For more information on our technical support and service, please contact us at [info@example.com](mailto:info@example.com).

### Packing and Shipping:

Mechanical Cable Lugs will be packaged and shipped as follows:  
The product will be placed inside a protective cardboard box.  
The box will be sealed with adhesive tape.  
The box will be labeled with the product name and other necessary information.  
The box will be securely packed in a larger shipping box.  
The shipping box will be sealed with adhesive tape.  
The shipping box will be labeled with the product name and other necessary information.  
The shipping box will be shipped via an appropriate shipping carrier.

### FAQ:

**Q: What is the brand name of the mechanical cable lugs?**

A: The brand name of the mechanical cable lugs is TLC.

**Q: What is the model number of the mechanical cable lugs?**

A: The model numbers of the mechanical cable lugs are DT and HUP.

**Q: Where are mechanical cable lugs made?**

A: The mechanical cable lugs are made in China.

**Q: What certifications do the mechanical cable lugs have?**

A: The mechanical cable lugs have UL, CUL and CE certifications.

**Q: What is the minimum order quantity for the mechanical cable lugs?**

A: The minimum order quantity for the mechanical cable lugs is 1000.
