

## 95-150mm<sup>2</sup> Tin Plated Terminal Lugs For Electrical Wiring Copper Tube Cable Lugs

Our Product Introduction

for more products please visit us on [cableslugs.com](http://cableslugs.com)

### Basic Information

- Place of Origin: China
- Brand Name: TLC
- Certification: UL, CUL, CE
- Model Number: TLK
- Minimum Order Quantity: 1000 pcs
- Price: USD
- Packaging Details: Carton
- Delivery Time: 5-30 days
- Payment Terms: T/T

### Product Specification

- Material: Copper
- Cable Range: 95-150mm<sup>2</sup>
- Temperature Range: -40 ~+105
- Size: 10mm<sup>2</sup>
- Color: Silver
- Tin Plated: Yes
- Highlight: **150mm<sup>2</sup> Tin Plated Terminal Lugs TLC,**  
**95mm<sup>2</sup> Tin Plated Terminal Lugs TLC,**  
**95mm<sup>2</sup> crimping terminal lugs**

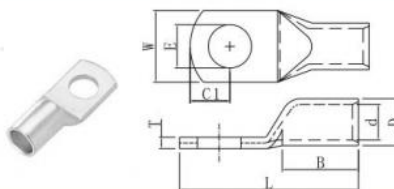

## Product Description

## Non- Insulated - Copper Lugs

## TLK LUGS TERMINALS

100 TLC TERMINALS INC. Terminals

## Product Description:

Cable Lugs are essential elements in electrical systems that perform a vital function. They help create a secure and highly durable connection between wires and cables and different devices and equipment.

Tube Lugs are tiny metal connectors that are affixed using crimping or soldering techniques. They are carefully developed to allow for a safe and reliable connection between wires and terminals, along with the ability to adjust to various sizes and shapes of wires and terminals.

## Applications:

Tubular Cable Lugs have many different applications and are used in a wide range of scenarios. The most common use is to provide connection between two cables. This product, manufactured in China, is created with high-quality copper and is silver in color. It has a temperature range of -40 ~+105 and is designed to work with cables ranging from 2.5-10mm2 in size, with a 10mm2 size available. The Brand Name is TLC and the Model Number is TLK.

Tubular Cable Lugs are perfect for any application where reliable connection is required. They are easy to install and are designed to last for years with minimal maintenance. The minimum order quantity is 1000 pcs, and they come in a convenient carton packaging for easy transport. Delivery time is 5-30 days depending on the order size.

Tubular Cable Lugs from TLC (Model Number: TLK) are the perfect choice for a secure and reliable connection. The copper construction and temperature range make them ideal for a variety of applications, and the silver color adds a touch of sophistication. With a cable range of 2.5-10mm2 and the 10mm2 size available, they are sure to meet your needs.

Customization:

TLC brand tubular cable lugs are made of copper and silver colored with -40 ~ +105 temperature range. The model number is TLK and the minimum order quantity is 1000 pcs. They are packed in cartons, and delivery time is 5-30 days. The cable range is 2.5-10mm2 and they are tin plated. They are widely used in various applications such as terminal lugs, tube lugs and terminal lugs.

Support and Services:

Tubular Cable Lugs Technical Support and Service

Our Tubular Cable Lugs are designed to provide safe, secure and reliable electrical connections. We offer a full range of support and service options to meet your needs.

Free technical advice and support

Regular maintenance checks and inspections

Replacement parts and components

On-site installation and repair services

We are committed to providing the highest quality support and service to ensure that your Tubular Cable Lugs are performing to their best. If you have any questions or concerns, don't hesitate to contact us.

Packing and Shipping:

Tubular Cable Lugs Packaging and Shipping

Tubular cable lugs are shipped in boxes of 250 pieces. Each box will be labelled and sealed with a clear plastic bag for protection against moisture and dust.

The boxes should be handled carefully during shipping to prevent any damage to the contents. It is recommended that they be shipped via a reputable courier or freight company.

For international orders, the boxes should be clearly labelled with the appropriate customs documentation. The boxes should also include a detailed packing list that outlines the contents, weight, and dimensions of each box.

FAQ:

Q: What is Tubular Cable Lugs?

A: Tubular Cable Lugs are high-quality, copper lugs with a tin-plated finish, designed for the connection of electrical cables.

Q: What is the brand and model number for Tubular Cable Lugs?

A: The brand name is TLC and the model number is TLK.

Q: Where is Tubular Cable Lugs manufactured?

A: Tubular Cable Lugs is manufactured in China.

Q: What is the minimum order quantity for Tubular Cable Lugs?

A: The minimum order quantity for Tubular Cable Lugs is 1000 pcs.

Q: How is Tubular Cable Lugs packaged?

A: Tubular Cable Lugs is packaged in cartons.

Q: How long does it take to deliver Tubular Cable Lugs?

A: It usually takes between 5-30 days to deliver Tubular Cable Lugs.
