

## 10-50mm<sup>2</sup> 45 Degree Cable Lug For Electrical Connections And Wiring Tube 45D Terminal Lugs

Our Product Introduction

### Basic Information

- Place of Origin: China
- Brand Name: TLC
- Certification: UL, CUL, CE
- Model Number: SC, TLK, T, TYF
- Minimum Order Quantity: 1000 pcs
- Price: USD
- Packaging Details: Carton Package
- Delivery Time: 5-30 days
- Payment Terms: T/T
- Supply Ability: 1KK pcs per month

### Product Specification

- Material: Copper
- Color: Silver
- Product Name: 45 Degree Cable Lug
- Size: 45 Degree
- Wire Gauge: 10-50mm<sup>2</sup>
- Shape: Cable Lug
- Highlight: **10-50mm<sup>2</sup> 45D Degree Cable Lug,  
45 Degree Cable Lug TLC COPPER,  
45D copper tube terminals**

TLC TERMINALS INC  
Terminals

## Product Description:

Lugs terminals are an indispensable part of electrical systems. They form secure and reliable connections between wires or cables and electrical devices or equipment. It is critical that these terminals are installed correctly. This ensures the electrical system performs optimally and safely.

## Features:

Lugs terminals are essential components in electrical systems. They play an important role in connecting wires or cables to various electrical devices or equipment.

Lugs are tiny metal connectors that are crimped or soldered onto the ends of wires. They are designed to give a secure and reliable connection to terminals. Lugs come in various sizes and forms to suit different wire gauges and terminal types.

## Applications:

The Importance of Lugs and Terminals in Electrical Connections

The combination of lugs and terminals is essential for a strong and stable electrical connection. It enables the efficient transfer of electrical power or signals between different devices. Moreover, if they are properly installed, lugs and terminals can reduce the risk of loose connections, thus avoiding potential issues such as poor performance, overheating, or even electrical failures.

## Support and Services:

### 45 Degree Cable Lug Technical Support & Services

Our technical support and services for 45 Degree Cable Lug are available to assist you in making the most of your product. We provide a wide range of services to help you get the most out of your product.

Installation and maintenance assistance

Troubleshooting and repair advice

Product usage tips

Technical support by email, phone, chat, or in person

Updates and upgrades to keep your product up to date

Our team of professionals is available to help you make the most of your product. If you have any questions or need assistance, please contact us and we will be happy to assist you.

## Packing and Shipping:

The 45 Degree Cable Lug is packaged in a plain box, with a label stating the contents clearly on the outside. Inside the box, the product is protected with bubble wrap, foam packaging, or other protective materials. The box is then sealed with packing tape.

For shipping, the 45 Degree Cable Lug is placed in a larger shipping box, with cushioning material around it, such as bubble wrap or foam. The box is then sealed with packing tape and marked with the shipping destination, as well as the necessary warnings and special handling instructions.

## FAQ:

Q1: What is 45 Degree Cable Lug?

A1: 45 Degree Cable Lug is a kind of cable connector used to terminate cables, which is manufactured by TLC.

Q2: What is the model number of 45 Degree Cable Lug?

A2: The model number of 45 Degree Cable Lug is SC, TLK, T, TYF.

Q3: Where is the origin of 45 Degree Cable Lug?

A3: 45 Degree Cable Lug is made in China.

Q4: What are the certifications of 45 Degree Cable Lug?

A4: 45 Degree Cable Lug is certified by UL, CUL, CE.

Q5: What is the price of 45 Degree Cable Lug?

A5: The price of 45 Degree Cable Lug is USD. You can contact us for specific pricing.
