

50-120mm² 90D Tin Plated Copper Terminal Cable Lug -40-105°C Temperature Rating Terminal Lugs

Our Product Introduction

for more products please visit us on cableslugs.com

Basic Information

- Place of Origin: China
- Brand Name: TLC
- Certification: UL, CUL, CE
- Model Number: 90D
- Minimum Order Quantity: 1000
- Price: USD
- Packaging Details: bag, Carton package
- Delivery Time: 5-30 working days
- Payment Terms: T/T
- Supply Ability: 500K pcs per month

Product Specification

- Product Name: 90 Degree Cable Lug
- Package Quantity: 1000-10pcs
- Temperature Rating: -40-105°C
- Material: Copper
- Finish: Tin Plated
- Color: Silver
- Shape: Lug
- Highlight: 50mm² 90 Degree Cable Lug TLC,
TLC 90 Degree Cable Lugs,
TLC Copper Terminal Cable Lug

Non-Insulated - Copper Lugs

TUBULAR LUGS TERMINALS

Material
Terminal Body: Copper
Plating: Tin

Product Description:

Lugs terminals are an essential part of electrical systems, playing a critical role in connecting wires or cables to different electrical devices and equipment.

These metal connectors are small and usually crimped or soldered onto the ends of wires, providing a secure and dependable connection to the terminal. Various sizes and shapes of lugs are available to adapt to different wire gauges and terminal types.

Features:

Lugs terminals are important components in electrical systems. They provide secure and reliable connections between wires or cables and electrical devices or equipment. Their usage is essential to ensure optimal electrical performance and safety. Therefore, it is vital that they are properly installed.

Applications:

Lugs and terminals play an important role in electrical engineering. They are necessary components for ensuring a solid connection between two or more devices, allowing the efficient transfer of power or signals. Good workmanship when installing these parts is required in order to prevent any weak link. Otherwise, this could lead to malfunctioning of the device, or even damage due to overheating or electrical failure.

Overall, it is essential that lugs and terminals are properly mounted and used to maintain a reliable electrical connection. This is required for ensuring stable electrical performance and helps reduce the risk of any potential malfunctions.

Support and Services:

90 Degree Cable Lug Technical Support & Service

We provide a full range of technical support and services for 90 degree cable lugs. Our team of experienced professionals is available to help you select the right product for your application, provide installation advice, and answer any other questions you may have.

We also offer troubleshooting assistance, should you experience any issues with your cable lugs. We can provide advice on how to properly install and maintain your cable lugs, as well as help you identify and solve any problems you may encounter.

If you need additional information or assistance, please don't hesitate to contact us. We are here to help you get the most out of your 90 degree cable lugs.

Packing and Shipping:

Packaging and Shipping for 90 Degree Cable Lug:

The 90 Degree Cable Lug will be packaged in a sealed plastic bag.

It will then be placed in a cardboard box with cushioning material.

The box will then be sealed and placed on a pallet for safe shipping.

The pallet will be secured with shrink wrap before being delivered.

FAQ:

Q: What is the brand name of 90 Degree Cable Lug?

A: The brand of 90 Degree Cable Lug is TLC.

Q: What is the model number of 90 Degree Cable Lug?

A: The model number of 90 Degree Cable Lug is 90D.

Q: Where is 90 Degree Cable Lug from?

A: 90 Degree Cable Lug is from China.

Q: What are the certifications of 90 Degree Cable Lug?

A: The certifications of 90 Degree Cable Lug are UL, CUL, CE.

Q: What is the minimum order quantity of 90 Degree Cable Lug?

A: The minimum order quantity of 90 Degree Cable Lug is 1000 pieces.
