

T90° Non-insulated Copper Lugs, Copper 90D Terminals Tubular Ring Cable Lugs

Our Product Introduction

for more products please visit us on cableslugs.com

Basic Information

- Place of Origin: China
- Brand Name: TLC
- Certification: UL, CUL, CE
- Model Number: 90D
- Minimum Order Quantity: 50-100
- Price: USD
- Packaging Details: bag, Carton package
- Delivery Time: 5-25 working days
- Payment Terms: T/T
- Supply Ability: 500K pcs per month

Product Specification

- Finish: Tin Plated
- Material: Copper
- Package Quantity: 1000-50pcs
- Temperature Rating: -40-105°C
- Product Name: T Series
- Color: Silver
- Shape: Lug
- Highlight: **Tubular Ring Cable Lugs, Copper 90D Terminals, Non-insulated Copper Lugs**

Product Description:
High-quality T90° LUGS Terminals: The TLC Guarantee
T90° LUGS Terminals, often referred to as T90° LUGS ferrules, play an important role in making secure and reliable electrical connections. At TLC, we take pride in offering a wide range of cable terminals that are designed to meet the most demanding industry specifications.
Our expert team is committed to manufacturing premium-grade cable terminals that offer exceptional resistance to corrosion, temperature variations and other environmental stress. Our products have had an outstanding record of performance in a variety of industries, ranging from industrial machinery and home applications to automotive and defense components.
Whether it's a simple T90° LUGS ferrule or a special design, TLC guarantees the highest quality of product that is customized to meet your specific needs. We make sure your T90° LUGS terminals provide the reliable and safe connection your system requires.
T90° LUGS Terminals Features:
Our T90° LUGS Terminals are designed to provide superior performance and long-term reliability. Their durable construction and excellent electrical conductivity make them ideal for even the most demanding applications.
We offer a wide range of sizes and configurations, so you're sure to find the perfect T90° LUGS Terminals for your specific wire gauge and terminal block.
Technical Parameters:
T90° LUGS Terminals are designed for easy and quick installation, helping users to save time and effort in the wiring process. Moreover, they also offer a secure and vibration-resistant connection, which could effectively prevent the risk of loose or damaged wires.
Moreover, their using of these terminals could save the cost of labor since the wires do not need much manual processing. The T90° LUGS Terminals are more user-friendly and could greatly reduce tedious manual work.
Applications:
At our professional manufacturing company, TLC, we take pride in offering a wide range of high-quality T90° LUGS Terminals to cater to the diverse needs of our customers. We manufacture these terminals using premium-grade materials and engineer them to meet stringent industry standards.

Our T90° LUGS Terminals are highly durable and offer excellent electrical conductivity - even in demanding applications. They are available in various sizes and configurations, to accommodate different wire gauges and terminal blocks.
Customization:
Customized T90° series Terminals from TLC
Brand Name: TLC
Model Number: T
Connector Type: T90° LUGS Terminals
Place of Origin: China
Certification: UL, cUL, CE
Minimum Order Quantity: 50-100pcs
Price: USD
Packaging Details: Bag and Carton package
Delivery Time: 5-20 working days
Payment Terms: T/T
Supply Ability: 600K - 800K pcs per month
Package Content: 50-100pcs
Coating: Tin
Shape: tube
Color: silver
Features: High pressure terminals, Insulated T90° LUGS, Heat shrinkable terminals

Professional Packing and Shipping:

Packaging carton:

Shipping of T90° LUGS Terminals
T90° LUGS terminals are usually shipped in bulk, in protective packaging such as cardboard boxes and plastic bags. Depending on the product, it may also be necessary to use cushioning materials like bubble wrap or foam to ensure that the product arrives in its original condition. In addition, it is important to ensure that the product is properly labelled with all relevant information, such as product name, weight, dimensions, and manufacturer's details. This will help to ensure that the product is properly identified when it arrives at its destination.
When shipping T90° LUGS terminals, it is important to take into account the size and weight of the product, as well as the distance it needs to travel. If necessary, it may be necessary to use a specialist shipping company to ensure that the product arrives safely and on time. It is also important to factor in any possible delays due to customs clearance or other unforeseen circumstances. It is advisable to use a tracked service to ensure that the product can be tracked at all times.
FAQ:
Frequently Asked Questions
Q: What is the brand name of the T90° LUGS Terminals?

A: The brand name of the T90° LUGS Terminals is TLC.
Q: What is the model number of the T90° LUGS Terminals?
A: The model number of the T90° LUGS Terminals is T.
Q: Where is the place of origin of the T90° LUGS Terminals?
A: The place of origin of the T90° LUGS Terminals is China.
Q: What certifications does the T90° LUGS Terminals have?
A: The T90° LUGS Terminals has UL, cUL, and CE certifications.
Q: What is the minimum order quantity of the T90° LUGS Terminals?
A: The minimum order quantity of the T90° LUGS Terminals is 50-1000pcs.
