

## Crimping Tool Jaw Type 0.2-50mm<sup>2</sup> Terminal Lug Crimping Tools

Our Product Introduction

for more products please visit us on [cableslugs.com](http://cableslugs.com)

### Basic Information

- Place of Origin: China
- Brand Name: TLC
- Certification: CE
- Model Number: TLC, LY
- Minimum Order Quantity: 1
- Price: USD
- Packaging Details: Carton
- Delivery Time: 5 working days
- Payment Terms: EXW
- Supply Ability: 5K pcs per month

### Product Specification

- Name: Cable Lug Crimping Tools
- Gripping Range: 0.2-50mm<sup>2</sup>
- Crimping Range: 0.2-50mm<sup>2</sup>
- Jaw Type: Crimping
- Handle Type: Manual
- Application: Crimping Lugs
- Highlight: **Cable Lug Crimping Tools TLC, terminal lug crimper 50mm<sup>2</sup>, cable connector crimper 50mm<sup>2</sup>**

## Product Description

<b>LY-2045A</b> CRIMPING COPPER LUGS & NON- INSULATED TERMINALS 	1. 22-16 AWG (1.25mm <sup>2</sup> ) 2. 16-14 AWG (2mm <sup>2</sup> ) 3. 12-10 AWG (5.5mm <sup>2</sup> ) 4. 8 AWG (8mm <sup>2</sup> )	<b>LY-2045B</b> CRIMPING COPPER LUGS & NON- INSULATED TERMINALS 	1. 12-10 AWG (5.5mm <sup>2</sup> ) 2. 8 AWG (8mm <sup>2</sup> ) 3. 6 AWG (14mm <sup>2</sup> )
<b>LY-2045C</b> CRIMPING COPPER LUGS & NON- INSULATED TERMINALS 	1. 22-16 AWG (1.25mm <sup>2</sup> ) 2. 16-14 AWG (2mm <sup>2</sup> ) 3. 12-10 AWG (5.5mm <sup>2</sup> ) 4. 8 AWG (8mm <sup>2</sup> )	<b>LY-2045D</b> CRIMPING COPPER LUGS & NON- INSULATED TERMINALS 	1. 22-16 AWG (1.25mm <sup>2</sup> ) 2. 16-14 AWG (2mm <sup>2</sup> ) 3. 12-10 AWG (5.5mm <sup>2</sup> ) 4. 8 AWG (8mm <sup>2</sup> ) 5. 6 AWG (14mm <sup>2</sup> )
<b>LY8-060</b> CRIMPING CORD END TERMINALS 	1. 0.25mm <sup>2</sup> -0.75mm <sup>2</sup> 2. 1.0mm <sup>2</sup> -1.5mm <sup>2</sup> 3. 2.5mm <sup>2</sup> 4. 4.0mm <sup>2</sup> 5. 6.0mm <sup>2</sup>	<b>LY-2045E</b> CRIMPING COPPER LUGS & NON- INSULATED TERMINALS 	1. 12-10 AWG (6mm <sup>2</sup> ) 2. 8 AWG (10mm <sup>2</sup> ) 3. 6 AWG (16mm <sup>2</sup> ) 4. 4 AWG (25mm <sup>2</sup> )
<b>LY8-064</b> CRIMPING CORD END TERMINALS 0.5/ 0.75/ 1.0/ 1.5/ 2.5/ 4.0 mm <sup>2</sup> 		<b>LY8-065</b> CRIMPING CORD END TERMINALS 	1. 6mm <sup>2</sup> 2. 10mm <sup>2</sup> 3. 16mm <sup>2</sup>
<b>LY8-067</b> CRIMPING SMALL SIZE INSULATED TERMINALS 	1. 26-22 AWG (0.5mm <sup>2</sup> ) 2. 24-18 AWG (0.75mm <sup>2</sup> ) 3. 22-16 AWG (1.25mm <sup>2</sup> )	<b>LY8-3812</b> CRIMPING SMALL SIZE OPEN BARREL TERMINALS 	1. 30-24 AWG (0.5mm <sup>2</sup> ) 2. 22-18 AWG (1.25mm <sup>2</sup> )

### Product Description:

Crimping tools are essential equipment for many industries that need reliable connections. They are created to securely and permanently join wires and cables to connectors. The tools are used commonly in automotive, electrical, and telephone industries.

Crimping tools are utilized to connect different objects, making sure that the bond is both secure and quite resilient. These tools provide a wide range of benefits, from secure electrical connections to reliable automotive measurements. Therefore, they are necessary components in many industries.

Crimping tools are designed to provide users with ease during setup and maintenance. They are easily operated by professionals and work efficiently to create secure connections in a short amount of time. As a result, they are widely used in industries that need secure connections.

In conclusion, crimping tools are an essential part of many industries, be it electrical, automotive, or telecommunications. They help to create reliable, permanent connections quickly and efficiently.

### Features:

#### Crimping Tools

Crimping tools are commonly manufactured from sturdy materials such as steel and aluminum, offering durability and reliability. They come in various designs and styles, including manual hand-held tools and hydraulic or pneumatic-powered ones. The latter are recommended for heavier and more demanding jobs.

### Technical Parameters:

Crimping Tools are an essential piece of equipment for various industries. They provide users with unparalleled versatility and efficiency when it comes to creating secure and reliable connections, which are paramount for any business. In fact, professionals requiring strong and durable wire connections would find it difficult to manage without these tools.

The ability to crimp wires precisely and securely is quite a complex task, yet Crimping Tools make the process much more effective and

efficient. By allowing users to quickly and accurately create high quality connections with minimized effort, these versatile tools are indispensable in modern industries.

Crimping Tools play a vital role in creating secure and reliable connections in a wide range of industries. By helping to quickly and efficiently form solid and durable wire connections, they are key to professionals seeking to optimize their performance.

## Applications:

Crimping tools are vital in creating a secure, low-resistance electrical connection between wires and connectors. This is achieved by compressing the connector onto the wire, which ensures the connection is able to withstand any type of mechanical stress, vibration, and environmental influences it might face. A secure connection is important in preventing any possible power failure, signal loss, and even fires caused by a loose connection.

These tools make it easy to use and achieve proper compression with most of them featuring a ratcheting mechanism that prevents over or under crimping. Additionally, most of them also come with interchangeable dies or jaws, which allows users to work with different sizes and types of connectors.

## Support and Services:

Technical Support & Services for Cable Lug Crimping Tools

We offer quality technical support and services for all of our cable lug crimping tools. Our trained technicians are available Monday-Friday, from 9am to 5pm PST to answer any technical questions you may have. We can help troubleshoot any issues you may experience with your tools, and provide detailed instructions on how to use them correctly.

We also offer repair services for any broken or malfunctioning cable lug crimping tools. Our experienced technicians can quickly diagnose and repair any issues you may have. We offer a fast turnaround time and a satisfaction guarantee.

If you ever need assistance with your cable lug crimping tools, please don't hesitate to contact us. We are always happy to help.

## Packing and Shipping:

Packaging and Shipping

Cable Lug Crimping Tools is carefully packaged in cardboard boxes with an internal foam insert for additional protection.

Orders are typically shipped within 3 business days of receiving payment. The package will be sent through a reliable courier service such as DHL or UPS and a tracking number will be provided.

## FAQ:

Q: What is the Brand Name of Cable Lug Crimping Tools?

A: The Brand Name is TLC.

Q: What is the Model Number of Cable Lug Crimping Tools?

A: The Model Number is TLC, LY.

Q: Where is Cable Lug Crimping Tools made?

A: Cable Lug Crimping Tools is made in China.

Q: Does Cable Lug Crimping Tools have CE certification?

A: Yes, Cable Lug Crimping Tools has a CE certification.

Q: What is the minimum order quantity for Cable Lug Crimping Tools?

A: The minimum order quantity for Cable Lug Crimping Tools is 1 piece.
