

250 / 300MCM-26AWG Copper Cord End Terminals Green Round

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: TLC
- Certification: UL, CUL, CE
- Model Number: E, EN
- Minimum Order Quantity: 1000pcs
- Price: USD
- Packaging Details: Bag and Carton package
- Delivery Time: 5-30 working days
- Payment Terms: T/T
- Supply Ability: 1KK - 5Kk pcs per month

Product Specification

- Package Content: 1000-100pcs
- Material: Copper
- Shape: Round
- Color: Red, Yellow, Blue, Black, Green
- Connector Type: Cord End Terminals
- Highlight: **300MCM Cord End Terminals Green, 26AWG Copper Cord End Terminals, 250MCM cord pin end terminal**

Product Description

Product Description:

Cord end terminals, also referred to as cord end ferrules, are important electrical elements employed for concluding the edges of electrical wires or cords. These particular terminals are designed so as to provide a secure and dependable connection between the wire and the terminal block or device.

Here at TLC, a trusted manufacturing business, we take pride in supplying a wide selection of top quality cord end terminals to suit the various needs of our clients. Our cord end terminals are constructed with premium-grade components and fashioned to meet stringent industry standards.

Features:

Our cord end terminals deliver optimal performance and long-lasting reliability, even in demanding applications, due to their durable construction and outstanding electrical conductivity.

What's more, these cord end terminals come in multiple sizes and configurations to cater to different wire gauges and terminal blocks.

Technical Parameters:

Cord end terminals make installation effortless and time-efficient. This reduces potential wiring errors that can deteriorate the wires. Plus, the secure and reliable connections they provide prevent wires from loosening or being disrupted, reducing the chance of potentially catastrophic damage.

Applications:

At TLC, our professional manufacturing company, we take great pride in providing our customers with a broad range of high-quality cord end terminals, to meet varied requirements.

These cord end terminals are constructed to stringent industry guidelines, using only the finest quality materials for guaranteed longevity and optimal performance.

Moreover, the exceptional electrical conductivity of our terminals makes them robust and dependable even in extensive applications.

Our collection of cord end terminals come in a selection of sizes and configurations, ensuring ideal fitment with different wire gauges and terminal blocks.

Customization:

We provide custom service for **Cord End Terminals**, which brand name is TLC, with model number E, EN. It is certificated by UL, CUL, CE and made of copper material with round shape. The wire gauge is 250/300MCM-26AWG and the color can be Red, Yellow, Blue, Black, Green. The minimum order quantity is 1000pcs and the price is USD. The packaging details is bag and carton package and the delivery time is 5-30 working days. The payment terms is T/T and the supply ability is 1KK - 5Kk pcs per month. We specialize in Non-insulated Cord End, TE type Cord End and XL type Cord End.

Support and Services:

Our technical support and services for Cord End Terminals include:

24/7 customer support via email, phone, or online chat

Free consultations with expert technical team

On-site installation and troubleshooting

Regular maintenance checks and upgrades

In-depth product training and tutorials

Free software and firmware updates

Packing and Shipping:

Packaging and Shipping of Cord End Terminals

Cord end terminals are typically packaged in sealed plastic bags or poly bags. The packaging should include product name, part number, and quantity. For shipping, the terminals can be packaged in cardboard boxes, plastic or wooden crates, or placed on pallets.

FAQ:

Q1: What is the brand name of this product?

A1: The brand name of this product is TLC.

Q2: What are the model numbers?

A2: The model numbers are E and EN.

Q3: Where is this product manufactured?

A3: This product is manufactured in China.

Q4: What certifications does it have?

A4: This product has UL, CUL, and CE certifications.

Q5: What is the minimum order quantity?

A5: The minimum order quantity is 1000pcs.
