

Electrical Connections Copper Tube Lugs 35-70mm² Cable Range

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: TLC
- Certification: UL, CUL, CE
- Model Number: TLK
- Minimum Order Quantity: 1000 pcs
- Price: USD
- Packaging Details: Carton
- Delivery Time: 5-30 days
- Payment Terms: T/T
- Supply Ability: 1KK PCS PER MONTH

Product Specification

- Tin Plated: Yes
- Size: 10mm²
- Material: Copper
- Color: Silver
- Cable Range: 2.5-10mm²
- Temperature Range: -40 ~+105
- Highlight: **tlc Copper Tube Lug 35mm²,
Copper Tube Lug 35mm² tlc,
70mm² Cable Range wire terminal lugs tlc**

Product Description:

Cable Lugs are indispensable parts in electrical systems. They have an essential role in joining cables or wires to different electronic devices or equipment.

Tube Lugs are tiny metal connectors that are clamped or soldered on wires' ends. Their purpose is to offer a dependable and steadfast connecting point to terminals. Various sizes and forms of lugs are available to fit multiple gauges of wires and diverse models of terminals.

Applications:

Tubular Cable Lugs manufactured by TLC are ideal for applications requiring reliable and secure connections. With a model number of TLK, these lugs are made of high-quality copper and are capable of withstanding temperatures ranging from -40 to +105 . A minimum order quantity of 1000 pcs is required and they come packed in a carton. The delivery time is between 5 to 30 days. These cable lugs have a size of 10mm² and a cable range of 2.5 to 10mm², and they are available in a silver color. These tube lugs, also known as lugs cable, terminal lugs or copper lugs, are highly durable and can reliably withstand even the toughest conditions.

Customization:

Customized Tubular Cable Lugs - TLC TLK

Brand Name: TLC
Model Number: TLK
Place of Origin: China
Minimum Order Quantity: 1000 pcs
Packaging Details: Carton
Delivery Time: 5-30 days
Color: Silver
Size: 10mm2
Material: Copper
