

TLC Yellow Copper Ring Cable Lugs Nylon Insulated Terminal Lugs 8-14mm²

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: TLC
- Certification: UL, CUL, CE
- Model Number: RNY, RNYB, DRNYB, RD
- Minimum Order Quantity: 1000
- Price: USD
- Packaging Details: bag, carton package
- Delivery Time: 5-30 working days
- Payment Terms: T/T
- Supply Ability: 1KK pcs per month

Product Specification

- Application: Electrical Connections
- Package: Bag, Carton, Reel
- Product Name: Ring Cable Lugs
- Shape: Ring
- Brand: TLC
- Color: Red, Yellow, Blue,
- Finish: Tin Plated
- Material: Copper
- Highlight: **TLC blue Ring Cable Lug,**
tlc Nylon Insulated Ring Cable Lugs 14mm²,
tlc copper lugs ring type 14mm²

Nylon Insulated - Single Crimp

RING TERMINALS

Material
Insulation: Nylon
Terminal Body: Copper
Plating: Tin

Product Description:

Insulated ring terminals are electrical connectors specifically designed to provide a secure connection between wires and a terminal block or stud. They have a round shape and a hole in the center, allowing them to be attached to a screw or bolt conveniently. To provide an extra layer of safety, these terminals come with a special insulation material that prevents an electrical arc from forming between the connector and the terminal block.

Features:

The terminals are outfitted with insulation made from high-quality materials like PVC and nylon, which help preserve the wires from harm as well as avoid short-circuits. That insulation also brings electrical insulation, securing the connection is sound and dependable.

Applications:

Insulated ring terminals are widely used in a variety of applications, such as automotive, marine, industrial, and electrical projects. These insulated ring terminals come in various sizes that fit different wire gauges and stud sizes for maximum compatibility.

Support and Services:

Technical Support & Service for Ring Cable Lugs

We provide technical support and service for Ring Cable Lugs. Our knowledgeable team of engineers and technicians can assist you with the selection, application, and installation of our Ring Cable Lugs.

We can provide detailed technical information to ensure that the product is suitable for your needs. We can also provide installation and troubleshooting assistance, as well as advice on proper maintenance and care.

For more information, please contact our customer service team at 555-555-5555.

Packing and Shipping:

Packaging and Shipping of Ring Cable Lugs

Ring cable lugs are securely packaged in containers or boxes to ensure they remain undamaged during shipping. The containers or boxes are individually labeled with the product details and quantity contents. For international shipments, the containers or boxes are also marked with the country of origin.

The ring cable lugs are then shipped to the customers using reliable shipping services such as air, sea, or road freight. All shipments are tracked and monitored to ensure they reach the customer on time and in good condition.

FAQ:

Q: What is the brand name of the Ring Cable Lugs?

A: The brand name of the Ring Cable Lugs is TLC.

Q: What are the model numbers of the Ring Cable Lugs?

A: The model numbers of the Ring Cable Lugs are RNY, RNYB, DRNYB, RD.

Q: Where is the Ring Cable Lugs manufactured?

A: The Ring Cable Lugs is manufactured in China.

Q: What certifications does the Ring Cable Lugs have?

A: The Ring Cable Lugs has UL, CUL, CE certification.

Q: What is the minimum order quantity for the Ring Cable Lugs?

A: The minimum order quantity for the Ring Cable Lugs is 1000.
